

Lists & Listservs

Listservs are email services that allow individuals to self-subscribe or join various interest groups, clubs, and other organizations. Off campus email addresses may be used to subscribe to these services as well.

As an employee of the College of Liberal Arts, you will automatically be enrolled into either the College of Liberal Arts faculty or staff listserv on employment. This will allow you to receive pertinent communications from the Office of the Dean or other administrators.

Learn more about managing, joining and leaving lists from the [Listserv](#) section in the TAMU IT Knowledge Base.

Contact your Liberal Arts IT support professional at LiberalArtsIT@tamu.edu for recommendations on general lists to join.
